BASKETWEAVE FUSED GLASS SHADES

Materials: Basketweave fused glass shades are made from strips of hand-rolled colored glass assembled onto a flat sheet and slowly fused together into one piece of glass. This piece is then cut, sanded and returned to the kiln to be slumped into a bowl shape.

Colors: Amber-Green, Blue Iridescent, Opal Iridescent and White. Custom colors and patterns are also available.

Shapes:	12" Bowl:	12" diameter x 3" deep
	18" Bowl:	18" diameter x 4" deep
	22" Bowl:	22" diameter x 5" deep
	27" Bowl:	27" diameter x 7" deep
	19" Deep Bowl:	19" diameter x 5" deep

Lamps: 100 watt A-19 x 3 or 150 watt Q150 x 3. Can be PL adapted.

To Order: Please call for current shade prices. Cost of shades fluctuate. Fused glass shades can be used on fixture models 1939, 1992, 1996 or 1998 or as a flush mount fixture. See specification guide for fixture details. Specify shade, model#, finish and overall height.
