Shown: Stringer glass on a 1999-1 fixture

ADA FUSED GLASS SCONCES

- Materials:** Fused glass shades are made from pieces of hand-rolled glass assembled onto a flat sheet and slowly fused together into one piece of glass. This piece is then cut, sanded and returned to the kiln to be slumped into a bowl shape.
- Colors:** Colors as shown though no two are exactly alike. Custom colors, patterns and sizes are also available.
- Shapes:** Tuscan Blue on 2001-1: 16" x 9" x 3 1/2" deep
Stringer on 1999-1: 16" x 9" x 3 1/2" deep
- Lamps:** 100 watt A-19 x 2. Can be PL adapted.
- To Order:** Please call for current shade prices. Cost of shades fluctuate. See specification guide for finish samples. Specify shade, model#, and finish.
